INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1969 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order: —

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Newton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department , on green paper. In this section the names of the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE GUIDE, the fourth major department is included on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A Few Historical Facts

As early as 1631 Newton was settled and fortified. In those days Newton consisted of a large tract of land with a dwelling here and there, a most modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's Handbook of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw sachem, Nanepashemet's daughter, one of her prerequisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688 being called New Cambridge until 1692; and when it outgrew town government by 1873, it was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Elliot memorial, which bears this inscription: "Here at Nonan-

tum, Oct. 28, 1624, in Waban's Wigwam near this spot, John Elliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton fought together with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians through World War II.

Jackson Homestead

Atmosphere

It is interesting to note just what Newton represents to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, Newton signifies elegance and beauty.

Population

The U. S. Census Bureau has established that the 1960 population of Newton was 92,384. The 1968 population could be estimated at 93,000. The steady stream of people who come to Newton yearly to make their homes are good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of experienced and conservative executives, honest public-spirited citizens who have the best interests of the people manifested by the high standards of administration which the city has always maintained.

Newton has a police department of 250 employees, giving it protection at all hours of the day and night. The first department with 243 permanent men is always ready to meet every emergency. Within recent years, entirely modern fire apparatus has been installed.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in Sept. 1869, and received the property of its sponsors, the Newton Library Association. In 1875

the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre Street. The Newton Library contains 300,000 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction.

Boston College (Lyons Hall)

NEWTON RECREATION DEPARTMENT

There are also many beautiful and rare prints. There are now branch libraries in ten sections of Newton, the most recent one being that established in Oak Hill Park.

Newton City Hall

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-two in the city. The first church was organized in 1633.

There are over two hundred clubs and fraternal organizations in the city, a Federation of Woman's Clubs, Kiwanis, Lions, Rotary and the Newton Chamber of Commerce, etc.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. A little later the village of Newton Highlands was not much more than a crossroad settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a modern city busy with activities.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*
